*We value your investment in fine cigars. It is our desire to store your cigars in perfect condition.
With that in mind, we ask you note the following:*

Each brand of cigars possesses its own specific characteristics. These subtleties in bouquet and flavor may be lost if you do not separate various types. We urge you to keep your cigars in boxes, as opposed to placing them loosely in the humidor. Should you need a plastic bag or an empty cigar box for this purpose, please ask a member of our staff.

Occasionally, we will place a hygrometer in your humidor for the purpose of testing the temperature and relative humidity. Please do not remove these devices.

We will place a small beetle trap in each humidor. This will ensure that your cigars are protected from any unwanted pests. We assure you that it will not impart even the slightest hint of flavor or aroma to your cigars, we ask that you do not remove this trap.
